MG MG

FROM THE PREZ

Ten years seem short in comparison to the history of M G. This year we celebrate the tenth year of the Louisiana Centre M G Car Club. That's something we should be proud of. Maybe we can have a birthday party and invite all the other clubs in the area.

This has been my first year in the club and I am delighted to be elected president by such a landslide victory. I hope that I can serve the club well and see it grow.

This year we all have to think MG, MG, M G. This Spring we will have a membership drive to bring in some new people and plenty of new MG's. More of this at the meeting.

Attached is a survey that will help determine how things are going and to obtain some member input, especially from the members that we don't see too often.

I want to thank the past officers for the wonderful jobs they have done. Now that Jim will have some free time he can put his MGA back together. We might even see Jack's MGA on the road this year more.

I'll see everyone at the meeting. I have some more ideas for the coming year I'd like to present.

The Rallyee ,held Sunday November 9th, was a little overcast at the begining. Eight cars were entered(even a couple MG's). The starting point was the FNBJ Building at the NE corner of Lakeside Shopping Center with the first major leg a trip across the Lake. I think that was the first time several of us have ever crossed the lake at 55 MPH(I was passed by several cars like I was standing still with the drivers shaking something at me). The course took us through Covington and up above Folsum. At one point several cars were within a half mile of each other and came upon one of the trick turns, where at the CAST speed(53MPH) one didn't see the turnoff until you had passed it. There could be seen several skid marks in the gravel on the side of the road. The weather bearily cooperated with only an occasional mist. The Check-Point would have been a welcome stop if there had been restrooms available. The course then wound its way back to the Causway where we again caravaned traffic across and ended behind the Wendys on Causeway Blvd. The afternoon provided a nice drive through the country for most, however Jimmy Bruno and Mike Delacera had a nicer drive through the country(no one knows and they won't tell when they got back).
